PROFESSIONAL EXPERIENCE

KARGO — High-Impact Creative SSP | Amazon Account | Premium Video & Display
Enterprise Account Executive | April 2025 – February 2026

- $17.5M revenue (2025), 100%+ quota every quarter (104–126%). Day-to-day Amazon lead across 15 LOBs — acquired 8 new lines of business while retaining all 6 existing through a full agency AOR transition
- Opened first-to-market 3P tagged offsite programmatic channel — $6.5M Year 1 across Streaming TV, OEM Display, OLV, and standard Display. Built go-to-market strategy and technical integration from scratch
- $20M+ in CTV/STV and Online Video sold over three years, curating premium direct publisher relationships programmatically at the deal level across Technology, Entertainment, CPG, and Telecom verticals
- Grew agency partnerships from 1 LOB to 10+ over 4 years with 90%+ proposal win rate, opening net-new managed service and programmatic pipelines across enterprise advertiser portfolios
- Ran AWS Clean Room migration end-to-end: data schema mapping, integrity validation, client training on DSP bulk upload workflows for high-impact creative trafficking at scale across programmatic and direct-sold campaigns
- Built scalable activation process enabling high-impact creatives to traffic via programmatic exchanges at same speed as standard banners — cut setup friction and time-to-live for direct I/O and PMP executions

Associate Director / Senior Client Services Manager | September 2022 – March 2025

- $30M+ book of business over two years, 95% client satisfaction. Primary day-to-day liaison for Amazon and enterprise agency relationships across direct I/O and programmatic campaigns
- Managed team of 7 through full campaign lifecycles — 15% operational efficiency improvement across programmatic and direct-sold execution. Built strategic CTV/Omnichannel POVs for emerging opportunities
- Built executive-level stakeholder relationships across Amazon Ads Direct, OMD, and IPG — trusted advisor on high-impact creative strategy, programmatic activation, and campaign performance optimization

ZENITH MEDIA GROUP (PUBLICIS) | Los Angeles, CA
Media Supervisor (Client: Disney+) | July 2021 – September 2022

- Built scalable campaign processes adopted across all US Disney+ lines of business. Coordinated cross-functional teams spanning Programmatic, Digital, Social, Amazon Search, Broadcast, and OOH for integrated media execution
- Drove programmatic video buying adoption across Disney+ title launches and always-on branding campaigns. Presented CTV/streaming investment strategy and performance benchmarks to senior leadership

MEDIACOM (GROUPM) | Los Angeles, CA
Senior Media Planner (Client: adidas) | August 2019 – July 2021

- $80MM+ annual programmatic budget across 14+ business units spanning performance, brand, and product launch campaigns. Full-funnel execution across display, video, CTV, and direct I/O placements
- Led team of 2 assistant planners. Partnered with Amazon search team on product discovery campaigns and retail media activations for adidas originals and performance footwear lines

HEARTS AND SCIENCE (OMNICOM) | Los Angeles, CA
Associate Media Planner (Client: AT&T) | May 2018 – August 2019

- Managed integrated media execution across AT&T's enterprise telecommunications portfolio spanning direct I/O, programmatic, and emerging digital channels. Coordinated with 5+ agency teams on cross-platform campaign delivery

AI & TECHNICAL PROJECTS

Creative Approval Platform (GCP + Gemini): Production AI tool integrating Gemini API with Google Workspace for automated creative review and DSP trafficking QA — 75%+ reduction in manual QA time
Campaign Automation Suite (Claude + Agentic): AI-powered campaign setup, QA, and optimization using Claude, custom prompts, and multi-step agentic workflows with human-in-the-loop validation
Retail Media Analytics Dashboard: 7-level enterprise analytics platform with drill-down from portfolio to line-item campaign performance. Built with React, Recharts, and Tailwind CSS
